✈ Understanding Turkish Airlines's Infant Policy

✈ Who Counts as an "Infant" on Turkish Airlines?

Turkish Airlines classifies any child **under 2 years old** (0–23 months)☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) for the *entire* duration of your trip — including the return flight — as an infant. If your baby turns 2 partway through your trip☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) , they'll need to be booked (and priced) as a child instead, and that type of booking can't be completed online. ✈

✈ Lap Infant vs. Infant with Their Own Seat

You have two main options when flying Turkish Airlines with a baby☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) :

1. **Lap Infant (most popular) ✈** — Your baby travels on your lap for the whole flight☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) and doesn't get an assigned seat. This comes with a heavily discounted fare compared to an adult ticket.
2. **Infant with a Purchased Seat ✈** — Want more room☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) , or planning to bring a car seat? You can book a separate seat for your baby☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) , but this has to be arranged through the Turkish Airlines Customer Contact Centre☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) rather than the website, and you'll pay the child fare (the same rate as kids aged 2–11).

✈ **Good to know:** Each adult can travel with a maximum of two babies☎ 📞 +44 808 196

2756 (UK) | +1 (888) 945-6799 (USA) , but only one can sit on your lap for safety reasons — you'd need to arrange a seat for the second baby.

ﷺ What Does It Actually Cost?

- A lap infant fare is **significantly cheaper** than a standard adult or child ticket☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) .
- Taxes and carrier charges may still apply, even though the base fare is discounted. ● If you choose a seat for your infant, expect to pay the same price as a child ticket (ages 2–11)☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) .

ﷺ Why Adding Your Infant Correctly Matters

It might be tempting to skip☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) this step if your baby "flies free," but registering your infant on the booking isn't optional — it's essential for:

- ✅ Safety documentation and the flight manifest
- ✅ Ensuring you get help with strollers☎ 📞 +44 808 196 2756 (UK) | +1 (888) 945-6799 (USA) , bassinets, and priority boarding
- ✅ Avoiding stressful delays or complications at check-in

ﷺ **Ready to lock in your baby's spot?** The earlier you add your infant to your Turkish Airlines reservation, the smoother your booking, seating, and check-in experience will be.
